

ASHANTI FARM INC.®

BREEDING CONTRACT

Subject to the following terms and conditions, I the undersigned (hereinafter Mare Owner) hereby agree to breed the mare _____ to the Oldenburg Stallion **EXUPERY**

_____, during the year **2008** breeding season.

The stud fee, for one State Book Registered Mare, is **\$2650** for frozen semen and includes a non-refundable booking fee of **\$750** that is payable with this contract.

If you breed more than one registered mare per season to the Oldenburg Stallion Exupery, you receive a 10% discount on the stud fee (not the booking fee) upon fulfillment of both contracts.

Since Exupery remains and competes in Europe, **only frozen** semen is used. The entire stud fee is due with this signed contract, before semen will be shipped. All shipped semen deposits are also due at this time, as outlined in the transported semen fee schedule. This policy must be strictly adhered to without exceptions.

A “**Live Foal Guarantee**” is given and valid for the Year 2008 season only. No re-breeding the following season is permitted. There will be no exceptions made.

1) The stud fee will be carried forward, and the live-foal guarantee is valid only for the Year 2007 season, if the mare owner has properly maintained the health of the mare and verifies the mare’s pregnancy loss, stillbirth, or newborn foal death by notifying **Ashanti Farm Inc.** by facsimile and/or e-mail within **48 hours** followed by sending (see stipulation of timeframe in next paragraph) a signed and dated Veterinary Certificate, clearly stating the following:

- a) Identification of the mare named herein.
- b) Verification of loss of pregnancy or stillbirth.
- c) Verification that, in the veterinarian’s best judgment, the mare was
- d) Maintain in a reasonable state of health, including vaccinations and deworming and that monitoring of the mare around the time of foaling was adequate enough to reasonably detect and attend to any foaling difficulties.

2) “**Ashanti Farm Inc.** must receive this Veterinary Certificate within **ten (10) days** of the discovery of the mare’s pregnancy loss, stillbirth, or newborn foal death.”

I understand that I must return this signed contract and booking fee to initiate this contract.

- 1) Sire Owner states, that if the stud fee is paid, and said mare subsequently, as a result of the Year 2007 breeding(s), does not have a live foal, the stud fee will not be carried forward to the next breeding season. Sire Owner considers this contract deemed fulfilled, when the Mare Owner receives shipment(s) of frozen semen in the year 2007 undamaged.
- 2) Breeding season, for the purposes of this contract, is defined as **Year 2008**
- 3) It is further agreed that if either the sire or the mare dies, or becomes unfit for service PRIOR to breeding the mare, by whatever means, then the stud fee and any deposits paid will be refunded and this contract shall become null and void. Should the sire die during the life of this contract, and frozen semen is still available to fulfill the sire owner’s obligations under this contract, then the mare owner will still be shipped frozen semen, subject to the deposits and fees required for the handling and shipping of said frozen semen.

The Stallion named in this contract, **EXUPERY**, has frozen semen available at this time.

- 3) Mare owner must pay the transported semen deposit as outlined in the attached fee schedule before semen will be shipped. The costs of collections and shipping, as per attached fee schedule will be deducted from the deposit and the remaining balance returned at the end of the current breeding season.
- 4) Mare owner understands that at least **100 hours** advance notice must be given to Ashanti Farm Inc. If less than 60 hours advance notice is given, the request will be accommodated only if possible.
- 5) Mare owner is responsible for having her own veterinarian culture the mare prior to breeding. The sire owner prior to insemination requires a copy of the negative culture. A licensed veterinarian must perform all inseminations.
- 6) Mare owner must have a licensed veterinarian examine the mare to determine the phase of ovulation and recommend the proper time to request shipment of semen. Sire owner does request written verification of the examination.

I, the undersigned, do hereby certify that I am the mare owner named herein, or a duly authorized agent thereof, and as such have the authority to enter into this contract, as witness by my signature. I also certify that I have read and understand this contract and attached fee schedules.

I am hereby requesting breeding of the mare named herein to the Stallion named herein via frozen shipped semen breeding, subject to the possible substitutions mentioned herein.

This contract is binding upon both parties when signed.

MARE BREEDING INFORMATION:

1. Registered Name:
2. What year did your mare last conceive?
3. Did she produce a live foal?
4. Has your mare ever aborted or absorbed an embryo over 30 days old?
When?
5. Has your mare ever lost a foal? When?
6. Has your mare ever experienced serious problems during foaling?
When? Details:
7. Has your mare ever retained a portion of the placenta?
8. Has your mare ever had a uterine infection? When?
Was it treated?
9. Has your mare ever failed to conceive after a full breeding season?
When?

Any additional information, which you feel, may better assist your breeding manager in the breeding and conception of your mare:

Thank you,

Ashanti Farm Inc.®

Addendum A to Breeding Contract:

SCHEDULE OF DIRECT COSTS OF SHIPMENT

| | | |
|---|----|---------|
| Frozen Semen Handling and transfer to Special Container | \$ | 235.00 |
| Federal Express | | at cost |
| Airline shipment | | at cost |
| Courier to Airport | \$ | 85.00 |
| Sunday - Courier to Airport | \$ | 100.00 |
| Frozen Semen Special Container Rental | \$ | 120.00 |

The Special Container must be returned to **Ashanti Farm Inc.**, within 4 days or there will be an extra charge of \$ 120.00 per day until it is returned.

Ashanti Farm Inc. must be notified the first day your mare comes into season. You must call 100 hours before you need the frozen Semen, due to shipment from Europe. If you give less than 100 hours notice a shipment may still be possible but not guaranteed.

A \$ 800.00 transported semen deposit, payable to **Ashanti Farm Inc.**, must be received before semen will be shipped. Shipping costs will be deducted from the deposit and the balance returned.

In the case of multiple shipments, if the costs incurred exceed the deposit, a further **\$800** deposit will be required before semen will be shipped.

Note: All the above-mentioned prices are subject to change without prior notice!
